ABSENCES

Prolonged Illness

- It is the parent's responsibility to contact the school for daily assignments.
- Parents must give teachers a 24-hour notice to prepare homework assignments for ill children.
- Teachers will select assignments that should be made up and how much review and remedial work will be required.
- Parents are encouraged to help with directions and give examples, but all work must be done independently.

Absence Due to Vacation

Family vacations during the school year are not encouraged. However, understanding there may be times when vacations can't be scheduled during the summer break, the following considerations will be made:

- It is the parent's responsibility to contact the school for daily assignments prior to the trip.
- Teachers will decide which work will be completed during the trip and which work may be completed upon return. This work may include current assignments, alternative assignments, review and remedial work.
- Make-up assignments given after the absence will be due no later than the number of school days missed.
- Parents are encouraged to help with directions and give examples, but all work must be done independently.

Excused Absences

The only reasons for which absences will be considered excused include:

- Personal illness of the student
- Illness in the student's family
- Death in the family
- Quarantine for contagious disease
- Religious reasons
- As determined by the superintendent

Excessive absences will require a doctor's admit slip for verification and documentation. Excessive absences are defined as 10 or more days absent (excused or unexcused).

House Bill 410

Passed by the Ohio General Assembly in December 2016 House Bill 410 encourages and supports a preventative approach to excessive absences and truancy. Missing too much school has long-term, negative effects on students including lower achievement and graduation rates. Beginning in the 2017-18 school year several changes took effect:

Regular attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school and prepare for higher education and the workforce. The district will partner with students and their families to identify and reduce barriers to regular school attendance. The district will use a continuum of strategies to reduce student absence including but not limited to:

- Notification of student absences to the parent and guardian
- Development and implementation of an absence intervention plan, which may include supportive services for students and families
- Counseling
- Parent education and parenting programs
- Mediation
- Intervention programs available through juvenile authorities and,
- Referrals for truancy, if applicable

Definition of Truancy and Excessive Absences

1. "Chronic Truant" is removed from the law
2. Definition of "habitual truant" changed from days to hours:
3. Excessive Absence: absent 38 or more hours in one school month (with or without a legitimate excuse) absent 65 or more hours in one school year with or without a legitimate excuse

District Responsibilities

When a student is excessively absent from school, the following will occur:

1. The district will notify the student's parents in writing within seven days of the triggering absence
2. The student will follow the district's plan for absence intervention The student and family may be referred to community resources

If you have questions or concerns about your student's attendance, please reach out to the school office.

ATTENDANCE

Regular attendance is a most important factor in the establishment of a good scholastic record. To obtain perfect attendance, a student must be at school every day with no tardies or early dismissals. Work missed through absences is difficult to make up. There is no substitute for the actual participation in the daily classroom discussion and work. Excessive absences are a contributing factor when considering the retention of a child.

If a child is absent, parents are required to call the school before 9:00 a.m. to inform us of the child's absence. School telephone numbers are listed after the cover page. A message can be left on voicemail, as it is checked regularly. Parents shall also send a note explaining the absence to the child's teacher when the child returns to school. On that note, parents should state if the child is contagious or needs special attention. Notes will also provide attendance documentation for the building staff.

If a child arrives after the start of school, he/she must report to the office before going to the classroom. If it is necessary for a child to leave school before dismissal time, a note is required and an adult must sign the student out through the office. Please do not interrupt your child's class by going to the classroom.

It is important for our students to follow the routine upon dismissal. Please ensure that your child is picked up at the appropriate dismissal time.

- Be sure to communicate all routine dismissal information to your child's teacher in writing.
- If your child is to be dismissed differently for the day, please send written communication of the change to your child's teacher.
- If there is an emergency change to your child's dismissal and you are unable to send written documentation, please call the office as soon as possible **and no later than one hour prior to school dismissal**. We may not be able to change dismissal for students with less than one hour's notice.

Students should not arrive at school before the start of breakfast. Teachers and staff are not on duty and there will be no adult supervision. Children are expected to leave the building and school grounds immediately upon dismissal.

Board Policy: JED

Student Code of Conduct

Whitehall City School District (WCS) celebrates and rewards respectful, accountable, motivated and safe behavior within its schools. We believe that when students are aware of what is expected of them, the great majority of our students will make wise choices. Per the Ohio Department of Education, WCS has established a PBIS Plan (Positive Behavior Interventions and Support). However, when a student fails to meet expected standards of behavior, the student will be held accountable for their behavior. The Whitehall City Schools Student Code of Conduct enables students, families, and staff to learn District expectations. The examples of offenses listed in the WCS Code of Conduct are not intended to provide a complete list of offenses that may result in disciplinary action. Any act that disrupts learning and threatens the order, the safety of students, and/or the school environment will be considered for disciplinary action.

Student Rules of Conduct First Warning

Your acknowledgment of these rules constitutes a first warning. You will be given no further warnings. It is your responsibility to familiarize yourself with these rules and the consequences of violating them. The rules herein apply to all students when on all school premises, at all school-sponsored activities, and when aboard a school bus or other Board-owned vehicle. The application of policies in this handbook applies to all Whitehall City Schools activities.

Availability of Board of Education Policies

The Board of Education has established policies and procedures that pertain to students, staff, and school operations. These policies and procedures can be found via links on the District website.

Notice of Language Assistance

Whitehall City Schools will take reasonable steps to ensure that persons with Limited English Proficiency (LEP) have meaningful access and an equal opportunity to participate in all services, activities, and programs available throughout the district. It is the policy of WCS to ensure meaningful communication with LEP students and families and to communicate information related to the education of all students. All services needed to comply with this policy will be provided for students and their families in need of such assistance free of charge. For assistance, please call 614-417-5000.

Rights of Students and Parents/Guardians

In public schools, parents/guardians and students have certain rights given by federal and state laws and Board of Education policies. Nevertheless, the individual rights of students will be weighed against the safety and welfare of the majority of students in the schools.

Whitehall City Schools believes that:

- Students have the right to learn.
- Students have the right to feel safe.
- Students have the right to be treated fairly.
- Students have the right to respectfully express their thoughts, feelings, and opinions.
- Students have the right to feel valued & affirmed.
- Students have the right to learn and grow from their mistakes.
- Students have the right to be engaged & involved in their own learning.

Due Process of Law

As a WCS student and parent/guardian, you have the right to due process of the law. Before a student is suspended, the student has the right to receive written notice of the reason for the intended suspension and has an opportunity for an informal hearing. Before a student is expelled, the student and the parent/guardian, have the right to receive written notice of the reason for the proposed expulsion and have an opportunity for an informal hearing before the Superintendent or Designee.

School's Right to Search

Lockers are assigned to students for their personal belongings, but are considered school property. Sharing of lockers is prohibited. The locker and its contents maybe searched at the Administrator's discretion. All lockers must be locked.

Lockers, desks, and any storage place provided for student use is, and remains at all times, property of the Whitehall City School Board of Education. These areas and the contents therein are subject to search at any time, pursuant to board policy. Students' vehicles at school or at a school function may also be searched pursuant to board policy. The regulation also applies to the use of any school district equipment including furniture, computers, and related accessories. The Board also authorizes the use of devices and canines trained in detecting the presence of drugs when the Administration has reasonable suspicion that illegal drugs or devices may be present in a school.

There are certain circumstances in which school officials may be authorized to conduct a search of a student or a student's personal property based on individualized reasonable suspicion. School officials may conduct a search of a student's person or property if they have reasonable suspicion that the search will turn up evidence that the student has violated or is violating the law or school rules and regulations.

Rights and Responsibilities of Students

As a WCS Student, you have the responsibility:

- To know and follow the rules and regulations of Whitehall City Schools;
- To do your part to create a positive environment at your school by working toward academic excellence, striving for perfect attendance, and participating in school activities;
- To respect the dignity and worth of yourself, your fellow students, your teachers, and the school staff;
- To respect the authority of teachers, school administrators, and other authorized personnel in maintaining discipline;
- To behave in a way that does not disrupt the educational process or lead to physical or emotional harm;
- To learn problem-solving skills to effectively handle conflict situations in an effort to avoid disrespectful and harmful behaviors.

STUDENTS ARE PERSONALLY AND SOLELY RESPONSIBLE FOR THE CARE AND SECURITY OF THEIR PERSONAL BELONGINGS AND THE SCHOOL ITEMS ISSUED TO THEM. THE WHITEHALL CITY SCHOOL DISTRICT AND BOARD OF EDUCATION ASSUME NO RESPONSIBILITY FOR THE LOSS, THEFT, DAMAGE, OR VANDALISM OF A STUDENT'S PERSONAL OR SCHOOL-ISSUED PROPERTY.

Consequences and Strategies to Correct Behavior

All students have the right to learn. No student has the right to disrupt the learning activities of others. The safety and security of your child is our highest priority. We are committed to providing a safe learning environment. The WCS staff is responsible for providing corrective instruction to students who fail to meet the behavioral expectations. Multiple options for correcting student behavior may be selected depending on an individual student's needs.

Considerations for action include: the age and grade level of the student, disabilities, student's history of misbehavior, specific offense, and its seriousness in nature.

Each building establishes its own school-wide PBIS Plan that includes activities for teaching and encouraging expected behaviors. The school principal and staff communicate the school-wide PBIS Plan to parents/guardians and students on an annual basis, as well as to new student enrollees.

Extra-Curricular Code of Conduct

The most important goal of the WCS District extra-curricular program is to provide every participant the opportunity to grow mentally, morally, physically, and emotionally, and to further provide for the safety, health, and welfare of the participant. It must be remembered that participation in extra-curricular activities is not a right but a privilege that may be regulated. Therefore, all students who participate in interscholastic athletics or other extra-curricular activities at any time must meet the WCS Code of Conduct and the conditions that apply which are outlined in this manual.

Behavioral Intervention Strategies in our District

An intervention strategy is an action designed to help a student overcome academic and/or behavioral barriers to learning. School personnel will use intervention strategies to help prevent or reduce negative behaviors. This list is not inclusive of all interventions that a team or administrator may decide to provide for a student.

1. Parent/Guardian Contact/Conference

Notification and a conference with the parent(s)/guardian(s) should take place regarding the student's behavior for disciplinary actions.

2. School-Based Behavioral Interventions

Examples of interventions include strategies such as the creation of a behavioral contract with the student, participation in anger management training, loss of privilege, office time-out, loss of recess, re-teaching the behavioral expectation, referral to a school counselor, referral to the school's health lab, other support services, and development of a community service plan or a behavior improvement program/plan.

3. Detention

A student may be required to stay after school or be assigned to lunch detention as a consequence of their behavior. The detention may include lessons in behavior management created to help a student learn problem-solving skills that will lead them to make positive choices.

4. Emergency Removal

Exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an ongoing threat of disrupting the educational process provided by the District. The emergency removal may be for part of a day and does not count toward suspension days.

5. In-School Suspension

Reassignment of the student from the classroom to an alternative setting will take place. Students assigned to in-school suspension will be excluded from extracurricular activities until the next school day following the completion of their suspension.

6. Out-of-School Suspension

Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to local law enforcement agencies.

School Resource Officers

The School Resource Officer program is a cooperative agreement between the Whitehall City School District and the City of Whitehall. This program assigns Police Officers to support the Whitehall City School District. In addition to their law enforcement duties, the School Resource Officers provide mentoring to students, interact with faculty, and participate in the classroom as guest speakers. The addition of the School Resource Officers has not only

provided a safe school environment but also enhances a positive relationship between students and the police.

- d. Students are expected to use technology in a responsible way that does not violate academic dishonesty infraction (#28).

32. Inappropriate Material

- a. Students are not to possess, bring, make, transmit, conceal, sell, or offer to sell inappropriate material or items. Example: pornographic or obscene material.

33. Inappropriate Use of Social Media

- a. Care must be taken on social media to maintain an atmosphere of respect consistent with the behavior expected of students in school.

Note: This is a representative listing of rules and violations. It is not a complete listing of all acts of misbehavior that may require disciplinary action. The Whitehall City Schools administration reserves the right to take disciplinary action as the situation warrants.

In addition to these items, a student may be subject to school disciplinary action, for misconduct that occurs off school property to the extent that the misconduct, regardless of when it occurs, is directed at a district official (or employee or the property of such official or employee.) Such action is deemed appropriate by the Board of Education because disrespectful acts could negatively affect student behavior at school and thereby cause deterioration in the learning environment. See ORC 3313.661(A).

Certain violations of the Code of Conduct involving firearms, knives, bomb threats, or serious physical harm to persons or property can result in the student being expelled for a period of up to one calendar year or being permanently excluded from school. See board policy.

Given a specific set of circumstances, charges may be filed against anyone who has violated the law in addition to school punishment.

The Code of Conduct shall apply to conduct not specifically set forth herein which substantially and materially disrupts or interferes with good order, discipline, or operation of the academic or educational process taking place in the school, or which substantially and materially is, or poses a threat to, the safety of persons or property.

Whitehall City Schools comply with all requirements of state and federal law in regard to the discipline of disabled students.

All Student Handbook policy references were current at the time of publication. Policies are subject to change as the Board of Education updates policies throughout the year. All discipline and policy enforcement will be based on current Board of Education policy located on the District website and/or at <https://go.boarddocs.com/oh/whitehall/Board.nsf/Public>. Please refer to board policies online for the most recent version.

In determining whether disciplinary action set forth in this policy is to be implemented, District administrators shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media created and/or received as part of an investigation.

In addition, this statement of due process rights is to be placed in all student handbooks (see next page) in a manner that will facilitate understanding by students and their parents.

These procedures shall not apply to in-school disciplinary alternatives including in-school suspensions. An in-school suspension is one served entirely in a supervised learning environment within a school setting. Nor shall these disciplinary alternative procedures apply to students who are prohibited by authorized school personnel from all or part of their participation in cocurricular, interscholastic, and/or non-interscholastic extra-curricular activities.

Board of Education Procedures and Rules

It is not the intention of this manual to be all-inclusive of the District's policies. The procedures listed below are for reference only and can be obtained in their entirety at the WCS district office. Board policies are available on the WCS website.

Due Process Rights – Policy [JFA](#) Student Suspension and Expulsion Procedures The Board of Education recognize that students have limited constitutional rights when it comes to their education. Accordingly, the Board establishes the following procedures which Administrators shall use when dealing with students:

Students Subject to Suspension

When a student is being considered for an out-of-school suspension by the Superintendent, Principal, or other administrators:

1. The student will be informed in writing of the potential suspension and the reasons for the proposed action.
2. The student will be provided an opportunity for an informal hearing to challenge the reason for the intended suspension and to explain his/her actions.
3. An attempt will be made to notify parents or guardians by telephone if a suspension is issued.
4. Within one (1) school day of the suspension the Superintendent, Principal, or other administrators will notify the parents, guardians, or custodians of the student. The notice will include the reasons for the suspension and the right of the student, parent, guardian, or custodian to appeal to the Board or its designee; the right to be represented at the appeal; and the right to request the hearing be held in executive session if before the Board. The notice shall also specify that if the student, parent, guardian, or custodian intends to appeal the suspension to the Board or its designee, such notice of appeal shall be filed, in writing, with the Treasurer of the Board or the Superintendent within ten (10) calendar days after the date of the notice to suspend. If the offense is one for which the District may seek permanent exclusion, then the notice will contain that information.
5. If a student leaves school property without permission immediately upon violation (or suspected violation) of a provision of the Student Code of Conduct/Student Discipline Code or prior to an administrator conducting an informal hearing as specified above, and the student fails to return to school on the following school day, the Principal, assistant Principal, Superintendent, or any other administrator, may send the student and his/her parent(s)/guardian(s) notice of the suspension, and offer to provide the student and/or his/her parents an informal hearing upon request to discuss the reasons for the suspension and to allow the student to challenge the

reasons and to explain his/her actions, any time prior to the end of the suspension period.

Appeal of Suspension to the Board or its Designee

The student who is eighteen (18) or older or the student's parent(s) or guardian(s) may appeal the suspension to the Board or its designee. They may be represented in all such appeal proceedings.

A verbatim record will be kept of the hearing which will be held in a private session at the request of the student, parent, or guardian. The procedure to pursue such an appeal will be provided in regulations approved by the Superintendent. Notice of appeal must be filed, in writing, with the Treasurer or the Superintendent within ten (10) calendar days after the date of the notice to suspend.

Appeal to the Court

Under Ohio law, an appeal of the Board's or its designee's decision may be made to the Court of Common Pleas.

Students Subject to Expulsion

When a student is being considered for expulsion by the Superintendent:

1. The Superintendent will give the student and parent, guardian, or custodian written notice of the intended expulsion, including reasons for the intended expulsion.
2. The student and parent or representative have the opportunity to appear before the Superintendent or designee to challenge the proposed action or to otherwise explain the student's actions. The written notice will state the time and place to appear, which must not be earlier than three (3) school days nor later than five (5) school days after the notice is given unless the Superintendent grants an extension upon request of the student or parent.
3. Within one (1) school day of the expulsion, the Superintendent will notify the parents, guardians, or custodians of the student and the Treasurer of the Board. The notice will include the reasons for the expulsion and the right of the student, parent, guardian, or custodian to appeal to the Board or its designee; the right to be represented at the appeal; and the right to request the hearing be held in executive session if before the Board. If the offense is one for which the District may seek permanent exclusion, then the notice will contain that information.

Appeal of Expulsion to the Board

A student who is eighteen (18) or older or a student's parent(s) or guardian(s) may appeal the expulsion by the Superintendent to the Board or its designee. The notice shall also specify that if the student, parent, guardian, or custodian intends to appeal the expulsion to the Board or its designee, such notice of appeal shall be filed, in writing, with the Treasurer of the Board or the Superintendent within fourteen (14) calendar days after the date the expulsion begins. They may be represented in all such appeal proceedings and will be granted a hearing before the Board or its designee.

A verbatim record will be kept of the hearing which will be held in private session at the request of the student, parent, or guardian.

The procedure to pursue such an appeal will be in accordance with regulations approved by the Superintendent. Notice of appeal must be filed, in writing, within fourteen (14) calendar days after the date the expulsion begins with the Treasurer of the Board or the Superintendent.

Appeal to the Court

Under State law, the decision of the Board or its designee may be further appealed to the Court of Common Pleas.

Students Subject to Emergency Removal

Students whose conduct warrants emergency removal shall be dealt with in accordance with the rights and procedures outlined in Policy [JGDA](#) - Emergency Removal.

Students Subject to Permanent Exclusion

Students whose conduct is that for which permanent exclusion is warranted shall be dealt with in accordance with the rights and procedures outlined in Policy [JEGA](#) - Permanent Exclusion.

Students Subject to Suspension from Bus Riding/Transportation Privileges

Students whose conduct warrants suspension from bus riding and/or transportation services shall be dealt with in accordance with the rights and procedures outlined in Policy [JFCC-R](#) (also see [EEACC-R](#)) Student Conduct on District Managed Transportation

DRESS CODE

Part of the total educational process for students is learning to dress appropriately and behave responsibly in a variety of situations. Students are expected to dress in a manner appropriate to the school environment which does not cause disruption to the academic process. Research has shown a correlation between appearance and behavior, especially in the school setting.

These regulations will assist parents, students, faculty, and administrators in determining appropriate student standards for dress while at school or school-sponsored activities.

1. Students are responsible for dressing according to the approved dress code.
2. Parents/guardians are also responsible for ensuring students are dressed appropriately for school.
3. Administration and faculty, together, are responsible for the enforcement of the dress code. The dress code is enforced at school and school functions are not open to the public. The decision of the principal is final with regard to dress code violations.
4. When dress or grooming interferes with the cleanliness, health, welfare, or safety of students or when dress or grooming disrupts the educational process by being distracting, indecent or inappropriate, it is prohibited. Clothing must be worn as designed.
5. Sponsors and teachers of elective programs (such as vocational classes) or elective activities (such as sports and music) may require more strict standards regarding dress and appearance for participants in their program or activity.
6. As new trends in fashion or dress emerge or become out of date, the District reviews and revises the dress code to reflect the standards of the community.

Students shall adhere to the following guidelines for dress and appearance:

1. All clothing must conceal undergarments at all times. Shirts that reveal undergarments, cleavage, bare chests, or excessive skin, whether due to the transparency, length, fit, or lack of coverage of the shirt, are not permitted
2. Skirts, shorts, and dresses must be at mid-thigh or below. Garments may not be form-fitting unless covered by an appropriate loose-fitting garment that completely covers both the front and rear private and buttocks areas.
3. Shorts, skirts, and pants must be appropriately sized for the student and worn at the waist. Biking pants or spandex are not allowed. Leggings and other form-fitting bottoms will not be permitted unless worn with a loose-fitting top that completely covers both the front private and rear buttocks area.

4. Tank tops, tube tops, halter tops, spaghetti straps, muscle shirts, and any shirt revealing cleavage, midribs, backs, or chests are not allowed. No transparent or open mesh garments or garments with large open sides may be worn without an underliner. Undergarments must not be exposed.
5. Shoes must be worn at all times and must not present a safety hazard. No flip-flops or slippers. Safety considerations may dictate the type of footwear worn in specific classes or school settings.
6. Headcoverings, sleepwear, and outerwear including but not limited to hats, hoodies, bandanas, sunglasses, masks, sweatbands including arm and leg bands, and other outdoor or head apparel are not permitted. Exceptions may be made by an administrator for religious, medical, or safety reasons. Headwear of any type that obstructs one's identity or makes it difficult to identify an individual will not be allowed.
7. Hooded articles of clothing may be permitted at the high school only but only if hoods are down and not worn on the head.
8. Clothing or accessories that could be interpreted as promoting hate or communicating negative, profane, or vulgar messages, or which advertise or are in any way related to alcohol, tobacco drugs, or weapon; or have sexual, vulgar, suggestive, or objectionable messages (explicit or implied) are not permitted.
9. Sleepwear including but not limited to pajamas, bonnets, blankets, and slippers is not permitted to be worn in school.
10. Hair must be clean and groomed.
11. Accessories that could be dangerous to persons or destructive to school property are not allowed.
12. The presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, or any other attribute, denotes membership in a gang is not permitted.
13. The length and style of hair (both facial and head) and jewelry shall be limited if it constitutes a health or safety hazard, a distraction, or harmful to the building or equipment. In both cases, the student may be required to wear a protective covering or remove jewelry.
14. Clothing with large or inappropriately placed tears and holes are not allowed.
15. All clothing must be appropriately sized.
 - A. Pants/skirts must be cut to fit and worn at the waist.
 - B. Pants should not drag on the ground.
 - C. Pants worn low are prohibited.
 - D. No skin-tight clothing.

16. Wearing outdoor jackets/coats/hoodies in the building is not permitted in the middle school.

Violation of the dress code can result in exclusion from class until the violation can be resolved and/or disciplinary action is taken. In case of questionable dress (not explicitly covered in these guidelines), the problem will be discussed with the student, and appropriate corrective and/or disciplinary action may be taken. When necessary, a home contact seeking parental cooperation and assistance will be made. Repeating infractions will result in appropriate discipline. Exceptions to these guidelines may be made by building principals for activities such as proms, physical education, and other special events.

Dear Parents/Guardians and Students,

There is a law regarding truancy in Ohio of which everyone needs to be aware and understand School-aged students are now considered "**habitual truants**" if they are absent **without excuse** for:

- 30 or more consecutive hours
- 42 or more hours in a month
- 72 or more hours in a school year

By Board of Education policy, the only absences that will be considered excused are illness of the student, illness in the family, death in the family, quarantine for contagious disease or religious reasons. All other absences will be considered unexcused. In order for an absence to be excused, a phone call the morning of the absence or a note when the student returns to school is required. Once a student has reached 65 hours of excused absences in addition to the parent notification additional information/documentation may be required.

In an effort to correct truancy problems, parents/guardians will be notified by the school when a student's absence is approaching one of the levels listed above.

If the attendance problem is not corrected once parents/guardians are notified, the Board will direct the administration to develop an intervention strategy to improve the student's attendance.

If these interventions are not successful, the district will file a complaint with the juvenile court.

It is very important that students are in school on time all day each and every day. We encourage parents/guardians to make sure that your child is in school or that the school is notified with a reason for any absence.

We appreciate your cooperation in assisting us with the educational progress of your student by encouraging regular attendance.

Thank you,

Sharee Wells

WHITEHALL CITY SCHOOLS POLICIES

<https://go.boarddocs.com/oh/whitehall/Board.nsf/Public>

Absences and Excuses [\(Policy JED\)](#)

Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor schoolwork; therefore, all students are urged to make appointments, do personal errands, etc., outside of school hours.

Reasons for which students may be medically excused include, but are not limited to:

1. personal illness of the student;
2. illness in the student's family necessitating the presence of the child;
3. quarantine for contagious disease or;
4. emergency or other set of circumstances in which the judgment of the Superintendent constitutes a good and sufficient cause for absence from school, which may include but not be limited to absences due to documented medical appointments.

Reasons for which students may be nonmedically excused include, but are not limited to:

1. needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved by the Superintendent (applies to students over 14 years of age only);
2. death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence);
3. observance of religious holidays consistent with a student's truly held religious belief;

4. traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours);
5. college visitation;
6. absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status;
7. absences due to a student being homeless;
8. temporary internet outage for individual students or households;
9. as determined by the Superintendent.

The District makes an attempt to contact the parent, guardian, or other person having care of a student who has not notified the school of the student's absence that day regarding that student's absence without legitimate excuse within 120 minutes of the start of the school day. The Board authorizes the Superintendent to determine and use the appropriate notification procedure and methods consistent with State law.

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up work missed. Students who are absent from school for reasons not permitted by State law may, or may not, be permitted to make up work. Each case is considered on its merits by the principal and the respective teacher(s). Students who are absent due to an in-school or out-of-school suspension are permitted to make up missed classroom assignments in accordance with District level policies and procedures. Students are requested to bring a note to school after each absence explaining the reason for the absence or tardiness in accordance with procedures and timelines defined in District level policies and procedures.

The Board does not believe that students should be excused from school for vacations or other nonemergency trips. The responsibility for such absences resides with the parent(s), and they must not expect any work missed by their child to be retaught by the teacher. If the school is notified in advance of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent.

The Board authorizes the Superintendent to establish a hearing and notification procedure for the purpose of denying a student's driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than 60 consecutive hours during a school month or a total of at least 90 hours during a school year.

Attendance and Accounting [\(Policy JEE\)](#)

The Board believes in the importance of trying to decrease the number of missing children; therefore, efforts are made to identify missing children and to notify the proper adults or agencies.

Except where required by State law, at the time of initial entry into school, a student shall present to the person in charge of admission an official copy of a birth certificate and copies of those records pertaining to him/her that were maintained by the school that he/she most recently attended. In lieu of a birth certificate, birth documentation may include:

1. a passport or attested transcript thereof filed with a registrar of passports at a point of entry of the United States showing the date and place of birth of the child;
2. an attested transcript of the certificate of birth;
3. an attested transcript of the certificate of baptism or other religious record showing the date and place of birth of the child;
4. an attested transcript of a hospital record showing the date and place of birth of the child or;
5. a birth affidavit.

Except where required by State law, if the student does not present copies of the required documents, the principal shall call the school from which the student transferred and request the information. If that district has no record on file of the student or if that district does not send the records within 14 days, the principal shall notify the law enforcement agency having jurisdiction in the area where the student resides of the possibility that the student might be a missing child.

The primary responsibility for supervision of a student resides with his/her parent(s). The staff provides as much assistance as is reasonable to parents with this responsibility. Parents must notify the school on the day a student is absent unless previous notification has been given in accordance with school procedure for excused absences. The District makes an attempt to contact the parent, guardian, or other person having care of a student who has not notified the school of the student's absence that day regarding that student's absence without legitimate excuse with 120 minutes of the start of the school day. The Board authorizes the Superintendent to determine and use the appropriate notification procedure and methods consistent with State law.

Parents or other responsible persons shall provide the school with their current home and/or work telephone numbers, home addresses and any emergency telephone numbers. The Board designates the Superintendent to develop informational programs for students, parents and community members relative to the subject of missing children.

Weapons in School ([Policy JFCJ](#))

The Board is committed to providing the students of the District with an educational environment that is free of the dangers of firearms, knives, and other weapons.

The definition of a firearm is any weapon (including a starter gun) which is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer or any destructive device (as defined in 18 U.S.C.A. Section 921) that includes any explosive, incendiary or poisonous gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or device similar to any of the devices described above. A knife is defined as a cutting instrument having a sharp blade that is capable of causing serious bodily injury.

Unless a student is permanently excluded, the Superintendent shall expel a student from school for a period of one year for bringing a firearm or knife to a school within the District or onto any other property owned or controlled by the Board, or for possessing a firearm or knife at a school or on any other property owned or controlled by the Board, which firearm or knife was initially brought onto school property by another person, except that the Superintendent may reduce this requirement on a case-by-case basis in accordance with this policy. Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

Matters that might lead to a reduction of the expulsion period include the student's mental and/or physical characteristics or conditions, the age of the student and its relevance to the punishment, the prior disciplinary history of the student and/or the intent of the perpetrator. A student may be expelled for up to one year for firearm-related or knife-related incidents occurring off school property while at a school-sponsored interscholastic competition, extracurricular event or other school-sponsored activity.

A student suspended, expelled, removed or permanently excluded from school for misconduct involving a firearm or knife also loses his/her driving privileges. The District must notify the county juvenile judge and registrar of motor vehicles within two weeks of the suspension, expulsion or permanent exclusion.

The Board prohibits students from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school vehicle if both of the following apply.

1. The object is indistinguishable from a firearm, whether or not the object is capable of being fired.
2. The person indicates that the person possesses the object and that it is a firearm, or the person knowingly displays or brandishes the object and indicates that it is a firearm.

As defined by State law and for purposes of this policy, an "object that is indistinguishable from a firearm" means an object made, constructed or altered so that, to a reasonable person without specialized training in firearms, the object appears to be a firearm.

Students found in violation of numbers 1 and 2 above may be reported to the local law enforcement authority and may be prosecuted under state criminal statutes, as well as disciplined in accordance with the provisions of the District's student code of conduct and State law.

The Superintendent is authorized to expel a student from school for a period not to exceed one year for making a bomb threat to a school building, or to any premises at which a school activity is occurring at the time of the threat. Any expulsion under this provision extends, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

Student Conduct ([Policy JFC](#))

Students are expected to conduct themselves in a way that exhibits respect and consideration for the rights of others. Students of the District must conform with school regulations and accept directions from authorized school personnel. The Board has “zero tolerance” of violent, disruptive, harassing, intimidating, bullying or any other inappropriate behavior by its students.

A student who fails to comply with established school rules or with any reasonable request made by school personnel on school property and/or at school-related events is subject to approved student discipline regulations. Students are also subject to discipline, as outlined in the student code of conduct for misbehavior that occurs off school property when the misbehavior endangers the health and safety of students within the District or adversely affects the education process. The Superintendent/designee develops regulations that establish strategies ranging from prevention to intervention to address student misbehavior, and provides continuing instruction in dating violence prevention in health education courses in grades 7 through 12.

Students and parents receive, at the beginning of each school year or upon enrolling in the District schools during the year, written information on the rules and regulations to which they are subject while in school or participating in any school-related activity or event. The information includes the types of conduct that are subject to suspension or expulsion from school or other forms of disciplinary action. The Board directs the administration to make all students aware of the student code of conduct and the fact that any violations of the student code of conduct are punishable. The rules also apply to any form of student misconduct directed at a District official or employee or the property of a District official or employee, regardless of where the misconduct occurs.

If a student violates this policy or the student code of conduct, school personnel, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the State of Ohio and local ordinances.

A student may be expelled for up to one year if he/she commits an act that inflicts serious physical harm to persons or property if it was committed at school, on other school property or at a school activity, event or program.

The Superintendent is authorized to expel a student from school for a period not to exceed one year for making a bomb threat to a school building, or to any premises at which a school activity is occurring at the time of the threat. Any expulsion under this provision extends, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

Matters which might lead to a reduction of the expulsion period include the student’s mental and/or physical characteristics or conditions, the age of the student and its relevance to the punishment, the prior disciplinary history of the student and/or the intent of the perpetrator.

The student code of conduct is made available to students and parents and is posted in a central location within each building.

Hazing and Bullying ([Policy JCF](#))

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Throughout this policy, the term bullying is used in place of harassment, intimidation, and bullying.

Bullying, harassment, and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended. Discipline procedures will not infringe on any student's rights under the First Amendment to the Constitution of the United States. When the behavior is sexual harassment, the Title IX sexual harassment grievance process will be followed, if applicable, prior to imposing any discipline that cannot be imposed without resolution of the Title IX process.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are

informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the principal/designee and appropriate discipline is administered. When employees have actual knowledge that the behavior is sexual harassment, they must contact the Title IX Coordinator.

The Superintendent/designee must provide the Board President with a semiannual written summary of all reported incidents and post the summary on the District's website, to the extent permitted by law.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students and by November 30 annually reports to the Ohio Department of Education compliance with this requirement through the consolidated school mandate report. If the District reports noncompliance the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem.

Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

A portion of our work with children consists of acquainting them with their community. There is a need for students to make observations and visit places of historical interest. In addition, we want to expose students to community services and cultural experiences. If you are willing to have your student go on school sponsored trips, please complete this form and return it to the school. We will consider this approval valid for the remainder of the school year. **You will be notified about all field trips prior to them taking place.**
